Abilify is a brand name of aripiprazole, approved by the FDA in the following formulation s: One more step Please complete the security check to access www. Abilify Rating User Reviews 6. The patent assigns exclusive legal right to the inventor or patent holder, and may include entities such as the drug brand name, trademark, product dosage form, ingredient formulation, or manufacturing process A patent usually expires 20 years from the date of filing, but can be variable based on many factors, including development of new formulations of the original chemical, and patent infringement litigation. Three-character codes are assigned only in situations when more than one reference listed drug of the same strength has been designated under the same heading. By designating a single reference listed drug as the standard to which all generic versions must be shown to be bioequivalent, FDA hopes to avoid possible significant variations among generic drugs and their brand name counterpart. Exclusivity is a statutory provision and is granted to an NDA applicant if statutory requirements are met. Aldactone Abilify Without Insurance Cost.
