Insofar as domain names are not case sensitive, the Panel concludes that use of the lower case letter format in "xanax. Respondent asserts that it maintains personal computers that it has named "xanax. Sportsman's Market, F. In this proceeding, Respondent has furnished a Response to the Complaint. The use of the domain name for internal identification purposes does not constitute use or demonstrable preparation for use "in connection with a bona fide offering" of services in the sense of paragraph 4 c i of the Policy since no use has been made of the name in connection with identifying a service or service provider. Respondent asserts that it has used these computers to furnish free services on a non-profit network not identified by the disputed domain name relating to computer programming. Complainant has not presented evidence that Respondent may have engaged in a pattern of conduct in regard to similar preclusive registrations. Respondent has indicated its intention to use the disputed domain name for a website in the future with an unspecified purpose. See Sporty's Farm v. WIPO advised Respondent that a decision whether to accept or consider the response was in the sole discretion of the Administrative Panel appointed to decide the case.
